Financial Assistance Policy

Patients may qualify for discounted services through the financial assistance program or sliding fee scale if services are medically necessary. Patient must demonstrate inability to pay based upon meeting certain income, asset and credit eligibility criteria which may include significant and/or catastrophic medical bills. If a patient does not have insurance and are eligible for financial assistance, they will not be charged more for services than the amount generally billed to those who have insurance. Patients who qualify for financial assistance shall be identified as soon as possible, either before services are provided or after an individual has received services to stabilize a medical condition. Financial Assistance may be provided 3 months past the approval of application. An electronic version of the policy and application are available at swhealthcare.net.

For additional information about the financial assistance program or to arrange an appointment with the Financial Counselor, please call 701-523-7179.

Associated Expenses

You may also receive medical bills from other providers of services related to your Southwest Healthcare Services visit. It is expected that you will work directly with these providers regarding their charges.
